Technical Data Sheet

Revision Date: 2017-07-01
Name: WANALINK™ 6200

Application

WANALINK™ 6200 is a light yellow to dark amber liquid at room temperature. It is a liquid secondary diamine with lower activity.

WANALINK™ 6200 is the brand name of 4,4’-bis(sec-butylamino) Diphenylmethane. It is a liquid secondary diamine. One of the atoms of hydrogen on each of the amine group is substituted by a secondary butyl group, so that the combination of an active hydrogen atom and a secondary butyl group in a confined space creates many unusual properties. The amine portion forms area linkages which affect the hard segment domains, while the butyl groups functions as inner plasticizer. Bonded to the polymer matrix, it neither leaches, nor bloom. The alkyl groups also improve the solubility of the diamine, allow it to blend readily with almost any polyol or polyamine. WANALINK™ 6200 can be applied in rigid and flexible foams, coatings, adhesives, sealants, and elastomers. Typical use levels are 1-5% of polyol. It can also be applied in spray polyurea, and a range of metal and concrete repair compounds.

### Package(s)

- 20 Kg  Tinplate pails
- 200 Kg  Metal drum

### Storage

**WANALINK™** 6200 should be stored in tightly closed containers with proper labels in a cool and well-ventilated warehouse away from all ignition sources.

Eye contact, prolonged skin contact, and inhalation of vapor must be avoided. Do not take internally. Never Use welding or cutting equipment near the containers to prevent vapor explosion.

### Shelf Life

The shelf life is 12 months under recommended storage conditions.

For more information about safety and environment, please refer to our MSDS or contact our customer service center.

### Version information:

Date of first issue: December 1, 2005  
Date of 1st revise: May 5, 2015. Reason for revision: A change of company address  
Date of 2nd revise: August 17, 2015. Reason for revision: Change with standard template from our company.  
Date of 3rd revise: July 1, 2017. Reason for revision: Change of company LOGO
